Dear Players:

Victus Academy will be hosting a series of information sessions for our region's talented hockey players and we would like to personally invite you to attend one of the following information sessions, all at Sportsworld Arena:

Monday, November 20th – 6:00 - 7:30 pm
Wednesday, November 22nd – 6:00 - 7:30 pm
Tuesday, November 28th – 6:00 - 7:30 pm
Thursday, November 30th – 6:00 - 7:30 pm

Victus Academy is a new private school for both male and female student-athletes in Grades 7 through 12 located at Sportsworld Arena, in Kitchener. With a year under our belt and a growing student body, now 60 strong, not only are we the only hockey academy in the region, but we are developing a reputation as one of the region's leading private schools.

NEW FOR 2018/19 – Victus Academy is excited to announce the addition of a Grade 6 class. Registrations are now being accepted.

Victus Academy has been established to give talented hockey players, such as yourself, the opportunity to enhance your hockey skills and athletic performance (and still play on your regular team) while providing a strong education at a private school committed to preparing students for post-secondary education. Financially, we have worked hard to keep our tuition as low as possible and do offer scholarships and financial assistance to qualified students. We work hard to try to build the best student-body we can, irrespective of financial means.

I am writing to encourage you, as one of our region's talented hockey players, and your parents, to consider attending one of our information sessions. We are very proud of what we have accomplished and this is a great opportunity for you to meet our team and learn more about what we have to offer both academically and from a hockey perspective.

I truly hope you take this opportunity to learn more about what Victus has to offer and look forward to seeing you. Please note that registration is limited so please register today at info@victusacademy.com, or by telephone, 1-519-219-5900.

Best regards,
